Q1. Our Heritage

Dulwich College is one of the UK's oldest independent schools, founded in South London as a boys' school in 1619. Dulwich College International (DCI) was established to bring the Dulwich education to students around the world and is now one of the fastest growing UK independent school networks. Through DCI, Dulwich College has been in Asia for more than ten years, building bridges between Eastern and Western communities and delivering high academic results and a well-rounded education. DCI and Dulwich College have signed an exclusive cooperation agreement for a century. We plan to expand the Dulwich education in Asia and around the globe. We started the school under the agreement with Dulwich College London, and accept their supervision and academics. Our school and Dulwich College have a close relationship. The vice president of Dulwich College visits our school annually to ensure that our school is functioning in accordance with an ideal standard.

Dulwich College International High School Suzhou is an affiliate to Dulwich College Shanghai Management Group (DCI), and is one of many schools under the group's management. DCI is currently in China and Asia and has opened a total of seven international schools and two international high schools. Dulwich College Shanghai opened in 2003, it is the first school that DCI opened, and has become one of Shanghai's top private schools, with an outstanding performance and reputation. After this school achieved a good reputation, Dulwich Management Group has been successful in Beijing, Suzhou, Zhuhai, Seoul, Singapore and Myanmar. Our school and all the other Dulwich schools are closely linked in one ideal family. We provide students with a high quality and invaluable education to ensure that our students can attend the world's top universities.

Q2. 我们的师资

我们的教师都是根据他们的教学经验和技巧严格挑选而来。所有的外籍教师都具有本科以上学历和高中教师资格证书，并且都有在中国教书的经验。他们毕业于国外知名大学，包括牛津、威斯康辛大学麦迪逊分校、伯克利音乐、明尼苏达、爱丁堡、伦敦国王学院、华威、杜伦、伯明翰、诺丁汉、加州州立理工、香港大学和新加坡国立大学等名校。

我校在本学年共有101位教职员工，其中62位为教师，其余39位为行政老师。在教师队伍里，有51位外籍教师，占比为82%。教师与学生比例约为1:9。中外教职员工紧密合作，共同努力，在家长的支持和配合下，帮助学生不断进步，实现梦想。

Q2. Our Faculty

Our teachers are carefully selected on the basis of their teaching experience and skills. All foreign teachers have a bachelor degree or higher, a high school teacher qualification certificate, and have teaching experience in China. They have graduated from well-known foreign universities, including Oxford, University of Wisconsin-Madison, Berkeley College of Music, The University of Minnesota, The University of Edinburgh, King's College London, University of Warwick, Durham University, University of Birmingham, University of Nottingham, California State Polytechnic University, Hong Kong University and the National University of Singapore to name a few.

This academic year in our school, we have 101 staff in total, including 62 teachers, and 39 administrative staff. In our team of teachers, there are 51 foreign teachers, accounting for 82%. The teacher to student ratio is about 1: 9. Chinese and foreign staff work together and share efforts with the support and cooperation of parents, and help students continue to progress and realize their dreams.

Q3. 录取标准、名额和比例

我校录取标准采用英国全面的评分标准体系，学生必须每个部分均达到标准，才准予录取。学生的考试分数，由我校学术部门封存，均不对外公布。每年平均录取比例大概为30%-40%，每场录取比例不一样，这取决于每一场学生考试结果。但是，每场的录取标准是一样的。2017年我校预计招收250名左右的学生，四场考试均采用优先录取、保证金确保席位的原则。每场考试结束后，一周后得知录取结果，并必须在截止日前缴费以确保席位，考虑时间通常为一至两周。

Q3. Admission standard, quota and proportion

Our school admission standards adopt a broad, comprehensive scoring system. Students must reach the standard for each section to be granted admission. Students' test scores are sealed by the academic department and are not released. The average enrollment ratio is about 30%-40% every year, the proportion of each exam is not the same, but depends on the student's individual test results. Our school

is expecting to enroll about 250 students in 2017. All four exams adopt preferential admission over any subsequent exams, and admission is dependent on space. After each test, results are emailed within a week, if an acceptance is offered, payment must be made by the deadline in order to guarantee a space. The deadline is usually one to two weeks.

Q4. 课程体系和学习科目

*IGCSE国际普通中等教育证书课程：一年 (IG1) 或两年 (IGA和IGB) 。

全世界有100多个国家颁发“剑桥国际普通中等教育证书(IGCSE)”。各国高等教育机构和用人单位也都高度认可这一证书，并将其作为一种学术能力的体现。“国际普通中等教育证书”项目鼓励以学生为中心和提问式授课的学习方式，重视发展学生的创造性思维和解决问题的能力，为A Level和大学的学习做最充分的准备。

*A Level剑桥国际高级证书课程：两年 (AS和A2) ，必修是数学和英语，选修可以从物理、化学、生物、艺术、音乐、地理、经济学、计算机、心理学这九门中选择三门作为学习科目。A Level受到各国大学和公司的广泛认可与重视。部分美国大学对于在A Level考试中取得高分的学生给予多达一年的学分。

Q4. Curriculum and Subjects

* IGCSE (International General Certificate of Secondary Education): one year program (IG1) or two year program (IGA and IGB).

There are more than 100 countries around the world that issue the "Cambridge International General Certificate of Secondary Education (IGCSE)". Education institutions and employers from many countries regard this certificate highly as a manifestation of academic ability. The 'International General Certificate of Secondary Education' program encourages student-centered teaching and question-learning, places emphasis on developing students' creative thinking and problem-solving skills and does the most to prepare students for A Level and universities' study.

* A Level Cambridge Advanced International Certificate Course: Two years (AS and A2) Mathematics and English are compulsory. Students then select three subjects from Physics, Chemistry, Biology, Art, Music, Geography, Economics, Computer Science and Psychology. The A Level is widely recognized and valued by universities and companies in most countries. Some US universities may give students who get a high score in their A Level examinations up to a year's credit for that course.

Q5. IGCSE一年制和两年制的区别

IGCSE一年制和两年制哪个好？没有绝对的回答，适合的才是最好的。

IGCSE两年（四年制）

- ▶ 必修科目是数学、英语、科学（物理、化学和生物）、中文；选修可以从艺术、地理、音乐、经济学、计算机和西班牙语六门中选择两门。
- ▶ 有充足的时间提高综合能力-课内、课外；
- ▶ 打好扎实的语言基础；
- ▶ 选课广泛，未来可选择的专业没有明显限制。
- ▶ 国家选择上：都可以，但四年制学生选择美国偏多。

IGCSE一年（三年制）

- ▶ 只学5门常规学科：数学、英语、化学、物理和经济学，没有选修课程；
- ▶ 课程进度非常快，从入学到次年5月份就必须参加IGCSE全球统考；
- ▶ 课外活动时间相对有限；
- ▶ 适合哪些学生？
 - 学习上：数理化很强，英语扎实
 - 大学专业上：相对较明确，偏理科；经济也可以
 - 国家选择上：都可以，但三年制学生选择英国和加拿大偏多

我校会根据学生的入学考试成绩来划分。被一年制录取的学生可以转到两年制；但是被两年制录取的学生不可以转到一年制。

Q5.Differences between the IGCSE one-year and two-year programs

Is the one-year or two-year IGCSE program better?

TWO-YEAR:

- ▶ Compulsory subjects are Mathematics, English, Science (Physics, Chemistry and Biology), Chinese; you can choose two electives from Art, Geography, Music, Economics, Computer Science and Spanish.
- ▶ There is plenty of time to improve student's overall ability: curricular and extra-curricular;
- ▶ Lays a solid language foundation;
- ▶ Country choice: Almost all countries but students prefer to choose American universities.

ONE-YEAR:

- ▶ Learn only five subjects: Mathematics, English, Chemistry, Physics and Economics, no elective courses;
- ▶ The pace is fast. Students only have from admission until May to prepare for their global IGCSE examination;
- ▶ the time for extracurricular activities is limited;
- ▶ Which students fit the one-year program?

-
- Learning: Physics and Chemistry is very strong, solid English
 - University majors: relatively clear goals, partial to science; economics also
 - Country choice: Almost all countries but students prefer to choose UK and Canadian universities.

Our school will divide the students based on students' entrance exam scores. One-year admitted students can go to the two-year; but the two-year admitted students cannot go to the one-year group.

不需要，我校的学生跟苏州任何其他学校的学生都不一样，因为我校的四年学习是全英语的学习环境（除了中文课程以外）。如果学生充分利用校内的英语学习机会，那他们完全没有必要花费额外费用在校外补习班上。

另外，我校的英语课程设置，已涵盖托福、雅思等考试要求和内容学习，家长无需再为孩子添加任何课外培训课程。学生打好英文基础、努力学好我校英语课程后，需要考试时，再在网上在线报名考试即可。

Q7. Do students need to attend additional tutoring for TOEFL or IELTS after school training?

No, our school students are different from other students in any school in Suzhou, because our school is a full four-year English learning environment (except Chinese courses). If students take full advantage of the opportunity to learn English in school, they should not need to spend additional money on a cram school.

In addition, our school's English curriculum covers TOEFL, IELTS and other examination requirements and content, therefore parents are not required to add any extra training courses for their children. Students lay the foundation of English through our school English classes; when they need to take a TOEFL or IELTS examination, they register online for the test.
